

AI Governance portfolio health

Board-ready view of AI systems, risk exposure, evidence health, regulatory coverage, open issues, and governance maturity.

Overview	Portfolio Health	Compliance Posture	Governance Health	Material Risks	Decisions Required	Board Report
AI Systems 3	High Risk 1	Critical Findings 1	Open Findings 15	Active Exceptions 1	Evidence Health 83%	Reg Coverage 61%

Portfolio summary

Travel Brain is operating as the production-ready AI system with current evidence and no findings. Legacy Branch Assistant remains the audit case study with evidence and oversight gaps that demonstrate monitoring escalation.

Evidence current	10 / 12
Regulatory coverage average	61 / 100
Monitoring pass rate	29 / 42

Decision Required

MATERIAL RISK CCM-014-autonomous-payment-agent-2026-06-13 · Governance Engineering Implemented failed for Autonomous Payment Agent Autonomous Payment Agent has a critical governance finding tied to CCM-014. Owner: Russell Due: Jul 13, 2026 Severity: Critical Next: Decide whether remediation is sufficient, escalation is needed, or risk acceptance should be reviewed.	Critical Review Decision
MATERIAL EXCEPTION EXC-LEGACY-EVIDENCE-001 active exception Temporary acceptance for the non-production pilot while the branch team refreshes monitoring evidence and drafts the missing human oversight procedure. The pilot cannot move to production until evidence health is current. Owner: David Kim Due: Jul 13, 2026 Severity: High Next: Confirm the exception remains appropriate and time-bound.	Accepted Review Exception

Operational Issues

OPERATIONAL ISSUE CCM-006-autonomous-payment-agent-2026-06-13 · Regulatory Mapping Exists failed for Autonomous Payment Agent Autonomous Payment Agent requires owner remediation. Owner: Russell Due: Jul 13, 2026 Severity: High Next: Delegate to the control owner queue unless materiality changes.	High Delegate Follow-up
OPERATIONAL ISSUE CCM-007-autonomous-payment-agent-2026-06-13 · Evidence Exists failed for Autonomous Payment Agent Autonomous Payment Agent requires owner remediation. Owner: Russell Due: Aug 12, 2026 Severity: Medium Next: Delegate to the control owner queue unless materiality changes.	Medium Delegate Follow-up
OPERATIONAL EVIDENCE ISSUE Legacy Branch Assistant evidence requires review Human Oversight Procedure is MISSING with MISSING validation. Owner: Sarah Chen Severity: High Next: Assign to evidence owner or audit support workflow.	Missing Delegate Evidence Review
OPERATIONAL EVIDENCE ISSUE Legacy Branch Assistant evidence requires review Monitoring Report is EXPIRED with EXPIRED validation. Owner: Sarah Chen Severity: High Next: Assign to evidence owner or audit support workflow.	Expired Delegate Evidence Review

Governance maturity

Autonomous Payment Agent Level 3: Defined 54/100 maturity score Warning	Legacy Branch Assistant Level 2: Managed 33/100 maturity score Fail
Travel Brain Level 4: Monitored 82/100 maturity score Pass
